

LESSON 2: YOUR FIRST \$100/DAY SYSTEM

Generated: March 29, 2026

Facebook Marketplace Domination & Client Acquisition

LESSON OBJECTIVES

By the end of this lesson, you will:

1. Have 3 proven Facebook posts that generate leads
2. Know how to qualify leads in 3 messages or less
3. Have your pricing strategy set for maximum profit
4. Close your first client using our proven script

THE BIG IDEA

Facebook Marketplace isn't for selling old furniture. It's a goldmine for service businesses.

The Math:

- * **500 people** see your post (average reach)
- * **5% message you** = 25 leads
- * **20% become clients** = 5 clients
- * **5 clients \$50** = \$250/day

Your goal today: Get that first \$50-100 client.

PART 1: FACEBOOK MARKETPLACE STRATEGY

Why Facebook Marketplace Works:

1. **High intent:** People are there to buy/solve problems
2. **Local focus:** Perfect for local services
3. **Free traffic:** No ads needed (initially)
4. **Easy setup:** Post in 2 minutes
5. **Massive reach:** Millions of active users

The 3-Post Strategy (Do This Daily):

Post 1: Value Post (9 AM)

Goal: Educate and build trust

Template: Use Template V1-V5 from Facebook Post Templates

Example: "If your computer is slow, it's usually NOT the computer "

Result: Positions you as expert, not salesperson

Post 2: Service Post (2 PM)

Goal: Direct offer with clear CTA

Template: Use Template S1-S5 from Facebook Post Templates

Example: " SAME-DAY TECH HELP AVAILABLE "

Result: Generates immediate leads

Post 3: Social Proof Post (7 PM)

Goal: Build credibility with results

Template: Use Template T1-T5 from Facebook Post Templates

Example: "JUST HELPED ANOTHER CLIENT GET RESULTS "

Result: Reduces buyer hesitation

Exercise: Create Your First 3 Posts

Using the templates provided, create:

Post 1 (Value):

Write your value post here:

Post 2 (Service):

Write your service post here:

Post 3 (Social Proof):

Write your social proof post (use placeholder if no clients yet):

Action: Post all 3 today, spaced 4-5 hours apart.

PART 2: LEAD QUALIFICATION SYSTEM

The 5-Question Qualification Framework:

1. **What's the main issue/goal?** (Understand need)
2. **How urgent is this?** (Timeline)
3. **Have you tried anything already?** (Effort level)
4. **What's your ideal outcome?** (Expectations)
5. **What's your budget range?** (Price sensitivity)

Qualification Scripts (Use These Exactly):**##### Script 1: Tech Issue Qualification**

"Got it. To make sure I give you the right solution:

1. What exactly is happening with your computer?
2. When did this start?
3. Have you tried anything to fix it?
4. How soon do you need this fixed?
5. What's your budget for getting this resolved?"

Script 2: Resume Service Qualification

"Perfect. To create the perfect resume for you:

1. What industry/role are you targeting?

2. What's been the response so far?
3. Do you have a current resume I can see?
4. When's your ideal start date for a new role?
5. What's your budget for resume improvement?"

Script 3: Website Service Qualification

"Awesome. To build the right website:

1. What's your business/about?
2. What do you want the website to do?
3. Do you have any content ready?
4. When do you need it live?
5. What's your budget for getting online?"

Exercise: Practice Qualification

Role-play with a friend or practice in mirror:

Scenario: Someone messages "My computer is slow, can you help?"

Your response (use script):

Their response: "It's been slow for weeks, I need it fixed today, budget is \$50-100"

Your next move: _____

Time check: Practice until you can do this in under 2 minutes.

PART 3: PRICING FOR PROFIT

Pricing Psychology:

* **\$50:** "Affordable, low-risk"

* **\$97:** "Under \$100, good value"

* **\$147:** "Premium but reasonable"

* **\$197:** "Serious investment"

Your Pricing Matrix:

Tech Troubleshooting:

- * **Simple fix** (30 min): \$50-75
- * **Moderate fix** (1 hour): \$100-125
- * **Complex fix** (2+ hours): \$150-200
- * **Emergency/rush:** +\$50

Resume Services:

- * **Basic rewrite:** \$97
- * **Resume + LinkedIn:** \$147
- * **Complete package:** \$197
- * **Rush service:** +\$50

Website Services:

- * **Landing page:** \$197
- * **Basic site (3 pages):** \$297
- * **Standard site (5 pages):** \$497
- * **E-commerce:** \$797+

The Value-Based Pricing Formula:

1. **Client's problem cost:** How much does this cost them? (Time, money, stress)
2. **Your solution value:** How much do you save/solve?
3. **Your price:** 10-30% of the value you provide

Example:

- * Client loses 2 hours/day to slow computer
- * 2 hours \$50/hour = \$100/day cost
- * You save 1.5 hours = \$75 value
- * Your price: \$75 25% = \$97

Exercise: Set Your Prices

Based on your skills and market:

Tech Troubleshooting:

Simple: \$_____ | Moderate: \$_____ | Complex: \$_____

Resume Services:

Basic: \$_____ | Premium: \$_____ | Complete: \$_____

Website Services:

Landing: \$_____ | Basic: \$_____ | Standard: \$_____

Action: Write these prices down and use them consistently.

PART 4: THE CLOSING SCRIPT

The 5-Step Close:

Step 1: Summarize Their Need

"Based on what you've told me, you need [their need summarized]."

Step 2: Present Your Solution

"I can help with that by [your solution]. Here's what I'll do: [bullet points]."

Step 3: State the Price Confidently

"For this, it would be \$[amount]."

Step 4: Add Social Proof (Optional)

"I just helped someone with a similar issue and they [result]."

Step 5: Ask for the Close

"I can start on this right away. How would you like to pay?"

Complete Closing Examples:

Example 1: Tech Close

"Based on what you've told me, you need your computer running fast again. I can help with that by diagnosing the exact issue, fixing it completely, and making sure it doesn't happen again. For this, it would be \$97. I just helped a local business owner with a similar issue and their computer now runs 2x faster. I can start on this right away. How would you like to pay?"

Example 2: Resume Close

"Based on what you've told me, you need a resume that gets you interviews. I can help with that by completely rewriting your resume with ATS-friendly formatting, achievement-focused bullet points, and professional design. For this, it would be \$147. I just helped a client who went from 0 interviews to 5 callbacks in 2 weeks. I can start on this right away. How would you like to pay?"

Example 3: Website Close

"Based on what you've told me, you need a professional website to attract more clients. I can help with that by building a clean, mobile-friendly website with contact forms and basic SEO. For this, it would be \$297. I just helped a local service business get 3 new clients from their new website. I can start on this right away. How would you like to pay?"

Exercise: Write Your Closing Script

For your primary service:

Step 1 (Summarize): _____

Step 2 (Solution): _____

Step 3 (Price): \$_____

Step 4 (Social proof - use placeholder if needed):

Step 5 (Close): _____

Action: Practice this script 5 times out loud.

PART 5: PAYMENT & ONBOARDING

Payment Options (Offer 2-3):

1. **Stripe:** Professional, invoicing (recommended)
2. **Cash App:** Fast, personal
3. **Zelle:** Bank-to-bank, no fees
4. **PayPal:** Universal but fees

Payment Script:

"I accept [payment methods]. Which works best for you?"

If Stripe: "I'll send you a secure payment link. It takes 2 minutes to complete."

If Cash App/Zelle: "My [Cash App/Zelle] is [your handle]. Send to that and include your email so I can confirm receipt."

After Payment Script:

"Got it! Thank you. I'm starting on this now. I'll send you an update within [timeframe]. In the meantime, if you have any questions, just message me here."

Onboarding Checklist:

- * ☐ Payment received
- * ☐ Send confirmation email/text
- * ☐ Start work immediately
- * ☐ Send progress update within 1 hour
- * ☐ Deliver within promised timeframe
- * ☐ Request testimonial after delivery

Exercise: Set Up Your Payment Methods

Choose 2-3 to set up TODAY:

- * ☐ Stripe (stripe.com)
- * ☐ Cash App (cash.app)
- * ☐ Zelle (through your bank)
- * ☐ PayPal (paypal.com)
- * ☐ Venmo (venmo.com)

Action: Set up at least 2 payment methods now.

PART 6: YOUR FIRST \$100 DAY PLAN

The 4-Hour \$100 Plan:

Hour 1: Setup (9-10 AM)

- * Create Facebook Marketplace account (if needed)

- * Set up payment methods
- * Prepare templates and scripts
- * Post first value post

Hour 2: Outreach (10-11 AM)

- * Post service offer
- * Send 20 DMs to people needing help
- * Respond to any incoming messages
- * Follow up with morning leads

Hour 3: Closing (2-3 PM)

- * Post social proof (use placeholder if needed)
- * Qualify leads from morning
- * Use closing scripts
- * Get first payment
- * Start work immediately

Hour 4: Delivery & Follow-up (3-4 PM)

- * Deliver first project
- * Request testimonial
- * Post about your win (social proof)
- * Plan tomorrow's outreach
- * Celebrate your first \$100!

Exercise: Plan Your \$100 Day

Choose your day: _____

Hour 1 tasks: _____

Hour 2 tasks: _____

Hour 3 tasks: _____

Hour 4 tasks: _____

Revenue goal: \$_____

Action: Schedule this day on your calendar.

PART 7: TROUBLESHOOTING COMMON ISSUES

Issue 1: "No one is messaging me"

Solution:

1. Improve post quality (use templates)
2. Post at better times (9 AM, 2 PM, 7 PM)
3. Post in more places (5+ Facebook groups)
4. Improve targeting (message people with recent problems)
5. Test different offers

Issue 2: "People message but don't buy"

Solution:

1. Improve qualification (ask the 5 questions)
2. Address objections before they come up
3. Add social proof (even if placeholder)
4. Offer guarantee
5. Follow up 3x (initial, 4 hours, next day)

Issue 3: "Prices feel too high"

Solution:

1. Communicate value better (problem cost vs. your price)
2. Add bonuses (extra revision, faster delivery)
3. Offer payment plans
4. Start lower, raise after 10 happy clients
5. Target better clients (business owners vs. individuals)

Issue 4: "I'm overwhelmed with messages"

Solution:

1. Use templates (saves 80% of typing time)

2. Set response hours (9-5, not 24/7)
3. Batch process (check messages 3x/day)
4. Raise prices (fewer clients, more revenue)
5. Hire VA when ready (\$5-10/hour)

Exercise: Identify Your Biggest Fear

What's your #1 concern about getting clients?

Now, write your solution using the troubleshooting above:

Action: Implement this solution today.

ACTION CHECKLIST

Complete TODAY:

- * ☐ Create and post 3 Facebook posts (value, service, social proof)
- * ☐ Send 20+ DMs to people needing help
- * ☐ Practice qualification scripts 5 times
- * ☐ Set your prices and write them down
- * ☐ Practice closing script 5 times out loud
- * ☐ Set up 2-3 payment methods
- * ☐ Plan your \$100 day and schedule it

Optional (But Recommended):

- * ☐ Do a test run with friend/family
- * ☐ Record yourself practicing scripts
- * ☐ Create Canva graphics for your posts
- * ☐ Set up Google Form for intake
- * ☐ Join accountability group in Telegram

Success Metrics to Track:

- * Posts published: _____
- * DMs sent: _____
- * Responses received: _____
- * Leads qualified: _____
- * Clients closed: _____
- * Revenue: \$_____

BONUS: ADVANCED FACEBOOK STRATEGIES

Strategy 1: The "Problem Solver" Approach

Instead of posting services, post solutions to common problems:

- * "Struggling with [problem]? Here's the fix: [solution]"
- * "Most people get [problem] wrong. Here's the right way:"
- * "I fixed [problem] for 3 clients this week. Here's how:"

Strategy 2: The "Social Proof Loop"

1. Get client
2. Deliver amazing service
3. Ask for testimonial
4. Post testimonial (with permission)
5. Get more clients from testimonial
6. Repeat

Strategy 3: The "Bundle Offer"

Combine services for higher value:

- * "Tech fix + security setup" = \$147 (vs. \$100 separately)
- * "Resume + LinkedIn + Cover letter" = \$197 (vs. \$150 separately)
- * "Website + SEO + Google Business" = \$497 (vs. \$400 separately)

Strategy 4: The "Urgency Play"

Create scarcity and urgency:

- * "2 spots available today"
- * "Price increases next week"
- * "Limited time bonus"
- * "First 3 clients get [bonus]"

Exercise: Choose One Advanced Strategy

Which strategy will you test this week?

- * ☐ Problem Solver Approach
- * ☐ Social Proof Loop
- * ☐ Bundle Offer
- * ☐ Urgency Play

Plan your test: _____

WHAT'S NEXT?

Tomorrow: Lesson 3 - Fiverr Automation System

- * How to get urgent clients from Fiverr
- * Automated response system
- * Delivery templates for speed
- * Review collection automation

Preparation for Tomorrow:

1. Create Fiverr account (if you don't have one)
2. Think about your gig offerings
3. Prepare portfolio examples
4. Set your Fiverr prices

This Week's Goal:

* **Day 1-2:** Master Facebook Marketplace

* **Day 3-4:** Add Fiverr system

* **Day 5-7:** Systemize and scale

* **Week 1 Revenue Goal:** \$500-1000

COMMUNITY CHALLENGE

Today's Challenge: "First \$100 Day"

1. **Post your \$100 goal** in Telegram group
2. **Share your 3 Facebook posts** for feedback
3. **Report your progress** throughout the day
4. **Celebrate wins** (big and small)
5. **Help others** who are struggling

Accountability Partners:

Find someone in the group who:

- * Has similar goals
- * Is at similar stage
- * Can check in daily
- * Will push you to succeed

Success Sharing:

When you get your first client:

1. **Share the win** in the group
2. **What worked?** (Specific post/script)
3. **What did you learn?**
4. **What's next?**
5. **How can we help?**

SUPPORT REMINDER

Stuck? Here's Your Lifeline:

1. **Telegram Group:** Post your specific issue
2. **Email Support:** support@aiautomationmastery.com
3. **Weekly Q&A::** Check group for schedule
4. **Peer Support:** Ask other students

Emergency Support:

- * Payment issues
- * Technical problems preventing work
- * Client disputes
- * Urgent questions

Response Time: < 2 hours for emergencies

CONGRATULATIONS!

You now have a complete system for making your first \$100/day:

1. **Facebook strategy** (3 posts that work)
2. **Qualification system** (5 questions that filter)
3. **Pricing strategy** (value-based, profitable)
4. **Closing script** (proven, confident)
- 5.
