LESSON 4: PAYMENT & DELIVERY AUTOMATION

#Systems That Get You Paid Fast & Deliver Flawlessly

#■ LESSON OBJECTIVES

By the end of this lesson, you will:

1. Have Stripe payment links for all your services
2. Know how to create professional invoices in 2 minutes
3. Have automated file delivery system
4. Be tracking all clients and payments automatically
5. Have a system for following up on late payments

#■ THE BIG IDEA

Getting paid shouldn't be harder than doing the work. Automation turns payment from a chore to a background process.

The Math:

- Manual invoicing: 10-15 minutes per client
- Automated invoicing: 2 minutes per client
- Time saved per week: 5 clients × 10 minutes = 50 minutes
- Annual time saved: 50 minutes × 52 weeks = 43 hours

Your goal today: Set up systems that save you 1+ hour per week.

#■ PART 1: STRIPE PAYMENT SYSTEM

##Why Stripe?

- Professional: Looks legit to clients
- Automated: Payments → Notifications → Tracking
- Flexible: One-time, subscriptions, payment plans
- Secure: PCI compliant, fraud protection
- Integrated: Works with everything

##Step 1: Create Your Stripe Account

1. Go to stripe.com
2. Click "Start now"
3. Enter business details (use your name if no business)
4. Verify email and phone
5. Connect bank account (takes 1-2 days to verify)

##Step 2: Create Payment Links

For each service, create a payment link:

####Tech Troubleshooting:
